The Chattanooga Times has information that Dick Woods, a white barber, at White's Creek, on the Cincinnati Southern Railroad, 60 miles above Chattanooga, was murdered in his cab on Friday night by unknown parties. The wound was inflicted with a coupling pin, and the incentive was supposed to be robbery.

We are informed that some mischievous children or other persons are in the habit of rubbing pork berries over the seats at the Second M. E. Church, on the Clinton pike, every Sunday before the Sunday School hour, by which the ladies get their dresses badly soiled. We are requested to say that the parties are known to the church officials, and if the offense is repeated it will be the worse for them.

We learn from the Elizabethton Mountaineer of a very successful camp meeting which was held, closing Friday of last week, at Turkeytown, Carter county, on the Circuit which is in charge of Rev. J. R. Railroad and Telegraph Tax Assessments.

The State Board of Railroad and Telegraph Tax Assessors, composed of Geo. R. McClellan, Jno. H. Glass and Jesse Arledge, completed their labors last week, and submitted their report to Comptroller Gaines, in Nashville. According to their report as published in the papers, they have been incessantly engaged since June 1, and have traversed nearly every mile of railroad in the State.

According to the report the total valuation of roads and telegraph in the State, subject to taxation, is \$20,277,091.17. The following are the roads located in this section of the State, and their taxable valuation: East Tennessee, Virginia and Georgia, \$3,206,106.70; Cincinnati, Cumberland Gap and Charleston, \$139,318.00; Knoxville and Charleston, \$69,920.00; Knoxville and Ohio, \$309,450.00; Cincinnati Southern, \$977,300.00; Rogersville and Jefferson, \$63,131.00; Roane Iron Company, \$10,090.00; Memphis and Charleston, \$835,417.61; Western Union Telegraph, \$244,308.09; Atlantic and Pacific Telegraph, \$9,024.20.

The following shows the number of miles in the State of each line mentioned: East Tennessee, Virginia and Georgia, 273.10 miles; Cincinnati, Cumberland Gap and Charleston, 39.91; Knoxville and Ohio, 41.26; Knoxville and Charleston, 17.48; Rogersville and Jefferson, 16; Roane Iron Company, 5; Cincinnati Southern, 97.73; Memphis and Charleston, 107.40. The total number of miles of road in the State is shown to be 1,422.24.

The Western Union Telegraph Company have in the State 1,572.73 miles of poles, 4,758.02 miles of wire. The Atlantic and Pacific have 120.25 miles of poles and 240.50 miles of wire.

The Banner says: Roads that failed to furnish schedules of their assessment were increased 10 per cent, over former assessment. It may not be amiss to state that while the roads in this State have been regularly assessed every two years, commencing in 1875, none have ever paid a cent. Supposing the entire amount above (20,277,091.14) to be taxable, at say two mills on the dollar, or twenty cents on the one hundred, the very neat sum of \$40,554.18 would be yielded the State.

Subduing and Avoiding Fever and Ague.

Of all chronic diseases, for a long time is perhaps the least conquerable by the ordinary resources of medicine. There is, however, a remedy which completely roots it out of the system in any and all of its various phases. This celebrated anti-periodic is vegetable in composition, and is not on a dangerous, but perfectly safe, a thing that cannot be predicted with truth of quinine. Hostetter's Stomach Bitters is, besides, a most efficient measure of defense against malaria, as it enforces the physique with an amount of stamina which enables it to encounter malarial influences without or without to health. Persons about to visit, or living in, foreign countries, or portions of our own where intermittent or remittent fevers prevail, should not omit to lay in a sufficient supply of the great Preventive, both to avert such diseases and disorders of the stomach, bowels and liver common to such localities.

Help the Fever Sufferers.

At a regular meeting of the City Council Friday night, a committee consisting of Mayor Luttrell and Aldermen Harris and Allison, was appointed to solicit subscriptions through the city for the relief of yellow fever sufferers in Memphis. A meeting of the committee was held yesterday afternoon, when it was suggested that a more thorough and efficient canvass of the city could be made if the various churches were represented. Consequently it was decided to request all the ministers and pastors of churches throughout the city to meet the above mentioned committee at the office of Alex. Allison, Esq., at 7 o'clock Monday night, to take the necessary steps towards organizing a relief movement. It is hoped no minis will better absent.

Fire Near Strawberry Plains.

STRAWBERRY PLAINS, Sept. 29.

Mr. EDITOR: Sunday morning a fire occurred about 2 o'clock at Esq. Peyton Carter's, one mile west of this place. It seems the fire started in the west end of an old building, which had once been used for a kitchen near the house. When discovered by a neighbor living a quarter of a mile off, the blaze was issuing from the kitchen. James Trotter, who discovered the fire, raised the alarm as he went. When he arrived there, a smoke house near was also found to be on fire, it catching from the kitchen. Mr. Carter, by this time, had heard the alarm and gotten up out of his bed. Fifteen or twenty of the neighbors had gathered in, and by the use of wet blankets, just barely saved the building which the family occupies. Both the kitchen and smoke-house were totally destroyed; also three saddles, flour, meal and several other things, to the amount of \$200 worth. The writer made a visit to the place yesterday, and it does look impossible to have saved the main building, from the fact that both the kitchen and smoke-house were in twelve feet of it. It is supposed to be the work of an incendiary, for Mr. Carter says he found fire coals and ashes some distance from the fire.

Mr. Carter desires to return his thanks to the gentlemen who made their services so useful.

Correction.

By some unaccountable mistake in the report of the Monroe County Fair, which appeared in our Sunday morning's issue, speaking of the best 2 in 3 race, which occurred on Friday, the last day, the types made us represent that it was won by Jones's "Idol," when it should have been stated that it was won by Hall's "Mabry."
